Draft MAG Building Codes Standards Notebook

The Draft MAG Building Codes Standards Notebook was distributed in October 1997 to members of the MAG Building Codes Committee. Because of a shortage of stafftime, the notebook has never been finalized. It is our intent to finalize the notebook during the coming Fiscal Year beginning July 1, 2001 and then to keep it updated on a regular basis.

Identified on the next page is the Table of Contents for the notebook which reflects standards adopted as of 6/13/96. Standards that have been adopted by the Building Codes Committee subsequently to that date are listed on the page that follows (please advise if there are any standards that have been omitted). At the May 16, 2001 meeting of the MAG Building Codes Committee we will discuss which standards should be included in the notebook
